**Your SPONSORSHIP
will help fund the event and our ongoing programs
for Veterans and their Families.**

Every year, Veterans and their Families enjoy TopGolf games thanks to the generosity of Bay Sponsors.

OUR FUNDRAISING GOAL THIS YEAR IS \$300K.

We have impacted over 6,000 people over the past 6 years through
our:

Vocational Counseling,
Access to Care,
and Caregiver programs.

OUR PROGRAMMATIC GOALS

- Hire 2 additional Rehabilitation and Vocational Counselors to guide, educate, advocate for and support clients that want/need to re-enter the workforce or education/skills training.
- Incorporate services and resources that facilitate self-employment to Veterans with Disabilities and/or their Families for those that, due to their disabilities, cannot hold a regular job but can be self-employed.
- Provide more assistive devices to mitigate the effects of disability for those wanting/needing skills re-training or workforce re-entry.
- Expand resources on our Access to Care program with the intent of providing more assistance for those who need specialized treatments or who owe money for these treatments.
- Create a fund to provide tuition for certifications and skills retraining.
- Hire a Programs Coordinator with the goal of improving services coordination and services delivery.
- Expand our Health and Wellbeing Program to incorporate supports for fitness for those who, due to their disabilities, cannot exercise regularly or by using regular means of fitness.

Our Impact

Our experience at the last caregiver support meeting inspired Nathan to be comfortable attending a community event - a firehouse open house. Despite the crowds and risk of loud noises and other headache triggers, he was able to walk with us (including Rita, not pictured, she's feeling shy here) the 2.5 miles total to attend the event and even talked to some firefighters and police officers there without my immediate presence. Our kids had a blast and I see his confidence growing daily. We were sorry to miss the June meeting due to a cascade of conflicts but fully intend to be there in July! Y'all are awesome and we love TBI Warrior! - A. Martin

I want to thank TBI Warrior® Foundation for helping my son. Thanks to you my son is improving in school despite the disabilities. Thanks for making this happen and for treating us so well. You have a big heart. - B. Amieva

J is trying to smile in these pictures. He didn't speak or make any sounds for years. I truly believe in the Lord who is All Mighty, I know the Lord led us to TBI Warrior Foundation. Johnny made improvements. I am very proud of TBI Warrior Foundation for the efforts in assisting others- its just beautiful. May the Lord continue using you and your husband, and thank you very much!! - D. Torres

ABOUT US

TBI Warrior® Foundation was launched in 2018 to help Veterans and non-veterans affected by Traumatic Brain Injury (TBI) and their families. We continue to help them through advancement and support programs and in ways that matter to our donors and clients.

We are improving the quality of life of those we serve.

tbiwarriorfoundation.org

Every year TBI Warrior® Foundation honors Veterans on Veterans Day.

Veterans and their families enjoy food and entertainment at the TopGolf® San Antonio at no cost to them. Each honored Veteran will receive an individually customized giftbox. This year we expect 300 attendees.

IMPACT

Aside from honoring our Veterans, we strive to create an environment that is conducive to connecting people. Reducing isolation helps to mitigate suicides in the community.

* Actual bays may differ in details but not in concept.

This event reminds me that I am still part of something great...at times you feel isolated and that people don't understand you or get you, and so for 1 day out of the year you feel that you are at home.: **Tara F., Veteran US Navy / OIF**

I really enjoyed the Honor the Brave ceremony. It was good to be recognized for my long military career and seeing all the support from a grateful nation. I would like to thank the sponsors for setting up a great time.: **Bobby C., Veteran US Army/OIF, Purple Heart**

My Husband was so happy with everything he received but most of all for the time we got to spend with fellow Veterans and Sponsors who made it all possible. It was a relaxed and fun celebration like no other! Thank you to all who helped make it happen! May this blessing you give to these Veterans be multiplied! : **Edith A., Military Spouse**

I was able to spend quality time with my family and my boys. My boys were able to see military service. Veterans Day & Memorial Day can be difficult days and it was a positive way to spend the day.: **Tommy F., Veteran US Air Force / OIF, Purple Heart**
